

We keep your business up and running at all times

To have reliable internet connectivity is now a non-negotiable feature of the current working world. It is the primary pipeline of communication for all businesses, be it large or small. Any downtime in connectivity such as cable cut, poor connection or natural disasters can cost company millions of revenues, incurring support cost and loss of data. These can lead to considerable headaches for anyone looking to run business smoothly.

What can you do to protect yourself against outages and internet connectivity issues? At Singtel, we make sure your business keeps running with our VSAT Backup Service. Providing coverage over Southeast Asia, Pacific Islands and Middle East, Singtel VSAT Backup Service offers these benefits:

- **Cost** – No high CAPEX. Affordable monthly recurring cost and pay-per use scheme for bandwidth usage
- **Reliability** – Service can be activated within 2 hours*
- **Support** – 24 x 7 support by a team of professional support staff

From now till 31 Oct 2017, an attractive offer of Singtel VSAT Backup service awaits the first 10 customers. Contact us right away to find out more.
