

ANNOUNCEMENT: Talk Satellite & CommuniCast Myanmar Launch Satellite Forum - 19th November 2014 Sponsorships invited

16 June 2014

CommuniCast Myanmar and talk Satellite are delighted to announce the inaugural Myanmar Satellite Forum, to be held on 19th November 2014 at Myanmar Event Park, Yangon.

With a population exceeding 60 million people and an anticipated annual GDP growth rate of 7.2% through to 2022, Myanmar is expected to be one of the star performers following its fellow ASEAN member countries.

A poor infrastructure will however hold back on the available opportunities; in particular the telecommunications sector has been identified for immediate prioritisation.

The aim, to identify and initiate needed dialogue for the development of Satellite as a primary delivery mechanism for universal service purposes. The Myanmar Satellite Forum is a uniquely inclusive platform to address issues of urgent concern to government, enterprise, and consumer entities.

Topics

Keynote: Myanmar Ministerial Speaker

Round Table: Satellite Operators - a role for Satellite throughout Myanmar

Digital village: To connect villages with ICTs and establish community access points

Broadband: Offering opportunity to make rapid advances in social and economic development
